## Board of Directors

### Research & Development (R&D)

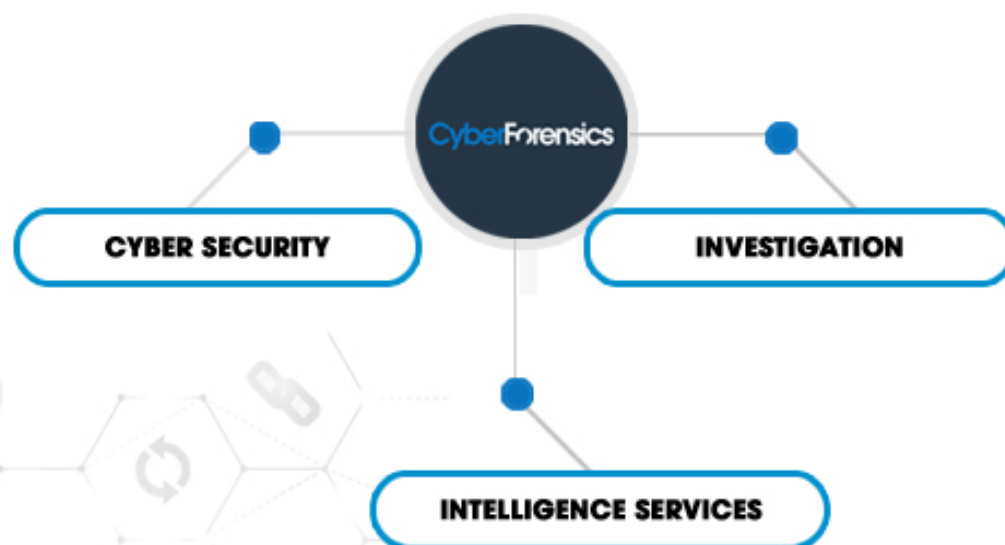

Mibiz Citizen Advisor e-Services Platform is a tribute to Dr. A.P.J Abdul Kalam. It is an ambitious Project of Reji Vasanth V. J., the Chairman & Managing Director of Mibiz whose Scientific study – "Knowledge Village India (2005)" which was submitted to Dr. A.P.J Abdul Kalam. The study recommends "Knowledge economy" to develop India as a global power. Cyber Security & Cyber Forensics is one of the verticals of Citizen Advisor Platform.

The Vision of Dr. A. P. J Abdul Kalam was Enlightened Citizenship. The PURA - Providing Urban Amenities in Rural Areas - The Knowledge connectivity with Electronic connectivity will boost the Economic connectivity of the State / Nation and thereby develop a vibrant Knowledge hub of the World. Kalam's 10-point agenda for the state of Kerala recommended development and marketing of Knowledge products.

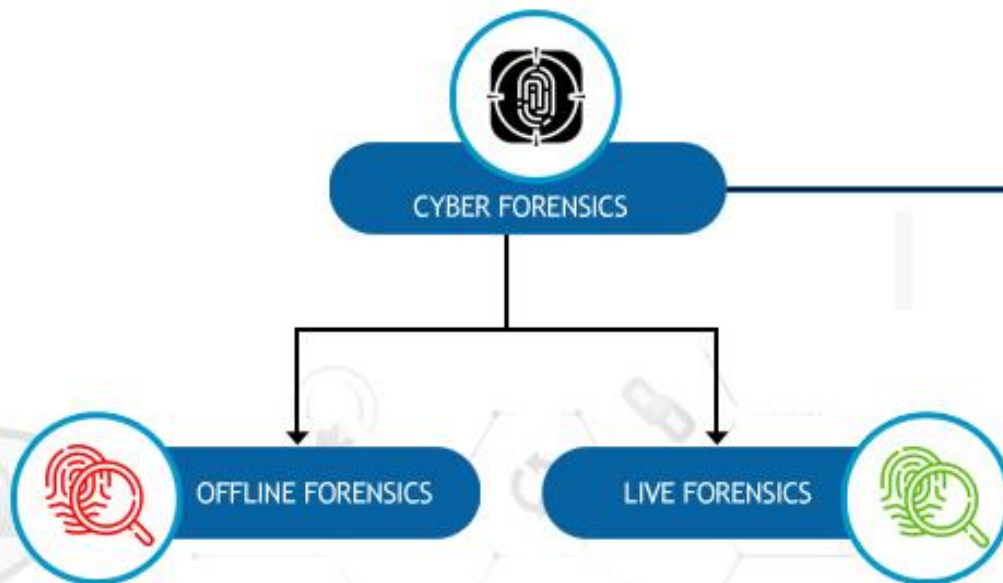

Mr. Sam Pitroda, The Chairman of the National Knowledge Commission (NKC) guidelines / advice given to the Former Prime Minister of India Dr. Manmohan Singh on policy to develop India as a global power recommended to make India competitive in the Knowledge economy.

Mibiz Cyber Forensics is India's premium organization in Cyber Security, Investigation & Intelligence services. Mibiz Cyber Forensics is a licensed and accredited Investigation agency specializing in operational support. Mibiz Cyber Forensics provides innovative fast track service(s) in Cyber Security, Investigation & Intelligence. Mibiz Data Recovery Laboratory provides the fastest, most secure and reliable data recovery services with 100% confidentiality.

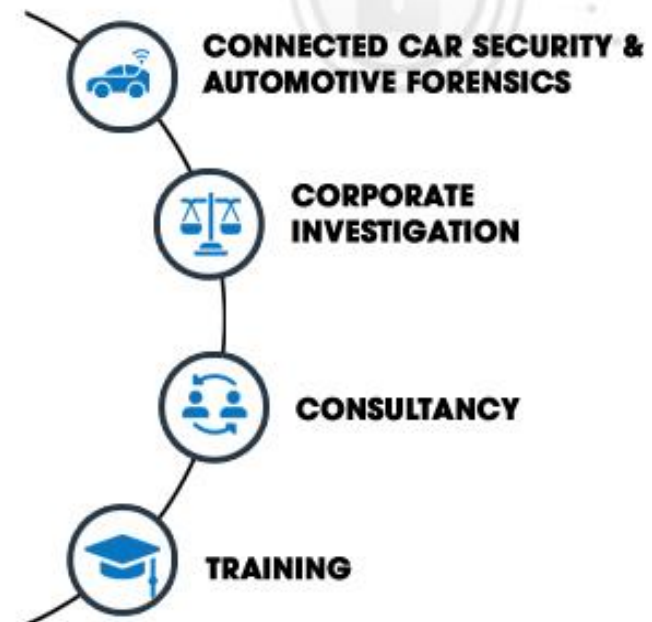

The Consultation will be a free service whereas the Project execution is a Paid Service. Mibiz Cyber Forensics is working with organization(s) to achieve great momentum in the field of Cyber Security for our Nation.

**Services**

Mibiz Data Recovery Lab provides the fastest, most secure and reliable data recovery services with 100% confidentiality. Data loss is only temporary and we prove it every day with the highest data recovery success rate in the industry. All physical data recoveries are performed inside our dust-free environment. The Cleanroom is an operating room for damaged drives, which prevents contamination that could result in permanent data loss while we perform surgery on the delicate components of your storage device.

Our data recovery process is very simple just 4 steps and our data recovery experts will recover your data.

We are a leader in providing professional in-lab data recovery services. Our in-house team of R&D experts ensures support in Data Recovery, File Repair and Data Erasure for Business and Consumers. The clients can be worry free in cases of data loss from broken devices or when they want to completely erase data to prevent any breach.

### DATA RECOVERY

Retrieve the lost or deleted data like documents, emails, music files, videos etc. from ANY storage device

### FILE REPAIR

Repair corrupt files including photos, videos, documents, presentations, emails & databases keeping the original formatting intact

### DATA ERASURE

Permanently erase confidential data beyond recovery from all devices. Including high speed erasure for bulk data

## Data Recovery Lab

World-class team  
of engineers

Free evaluation  
service

No Data, No Charge  
guarantee

Fast turnaround  
times

Expertise with all operating  
systems and media devices

Custom solutions for  
handling encrypted files  
and drives

Geographic  
accessibility

Secure Lab  
facility

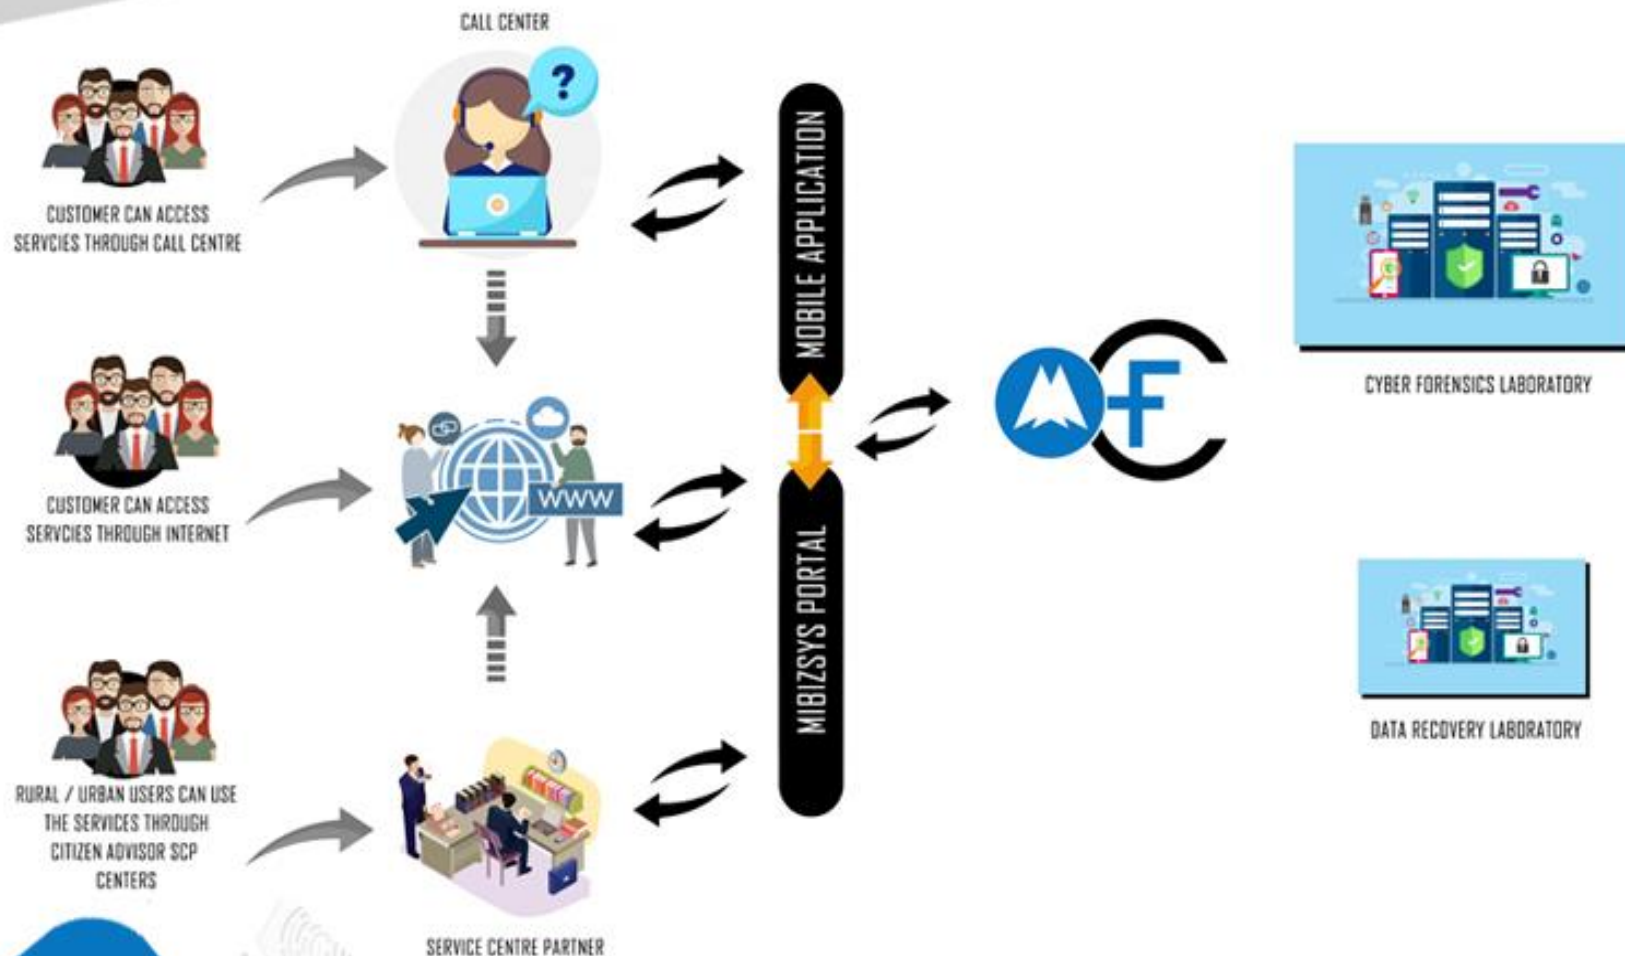

Dedicated case  
representative

Easy straight forward  
process

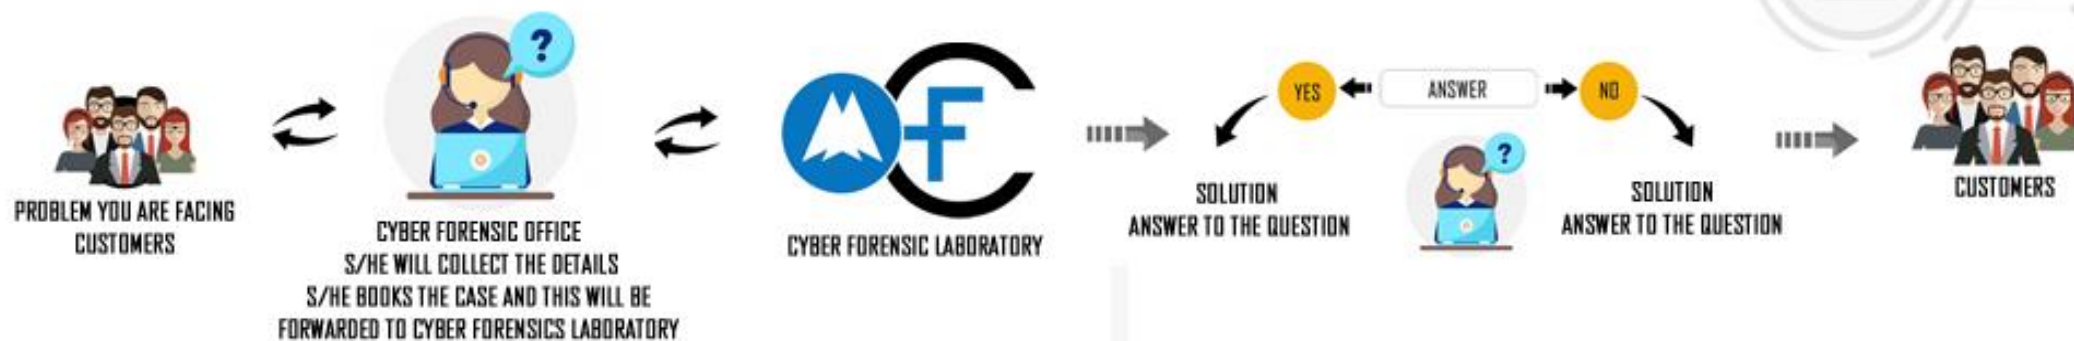

**Our Expertise**

## Service Delivery Mechanism

**Consultation**  
Response Time:  
The approximate response time taken will be  
less than 24 hours

**Data Recovery Lab**

**FREE CONSULTATION FOR  
DATA RECOVERY POSSIBILITY**
